His entertainment is one of remarkable excellence, alike in vocalism, humor, characterization, ventriloguism and personal charm. A STAR THAT NO LONGER TWINKLES.

OR AT LEAST ORNAMENTS OPERA BOUFFE NO MORE NIXAN'S FLIGHT.

When Maurice Grau announced his French Opera Company, which with Madame Aimée as its chief artiste lately sang at the Fifth Avenue Theatre, great stress was laid on the fact that Mile. Nixau, a young Parisian star, would for the first time shine in the American heavens. Mile. Nixau was described as being of surpassing beauty and possessing that rarity in opera suffe, an actual voice. After a protracted delay which only served to whet public curiosity, Mile. Nixau appeared, and appearing conquered. If she did not shine she at least sparkled, and was, metaphorically speaking, received with open arms by the faultlessly attired young men who filled the front seats, and on whom Aimée had falled to renew the impression she made four years ago.
One of these young men in particular fell a complete
Victim to the fascinations of the bright-eyed and graceful Boccaccio. The second night she appeared, her new-fledged admirer, haunted perhaps by a reminiscence of Lillian Russell and the Black Prince, purchased for her an immense basket of flowers, and through the medium of an usher laid it at Mile. Nixau's tiny feet. He also relaxed the conventional solemnity of his class by ejaculating "Bravo" in sepulchral accents, and subse quently amending it to "Brava." An introduction was

ejaculating "Bravo" in sepulchral accents, and subse quently amending it to "Brava." An introduction was obtained, and on a closer acquaintance the bonds were even more tightly riveted around him, and in the course of a week the young American had made up his mind that without the coustant society of the Paristan singer life would be a miserable blank. His sentiments were reciprocated, or at any rate sufficiently so to allow of Mile. Nixau's admitting his attentions.

But an obstacle in the shape of a hard-hearted manager, who viewed things in a strictly business light, stood in the way. Mr. Grau said that though he could look with equanimity at the prospect of losing his Borcaccio, inasmuch as she had not shown herself as attentive to her duties as might have been the case, yet there was a clause in the bond providing for the forfeiture of \$3,000 should she break her engagement. Either this forfeit must be paid, or Mile. Nixau must go with the rest of the company to Baltimore. The lovers were persuadve, the manager was obdurate; so at length a check-book was produced, acheck for the required sum handed to Mr. Grau, and Mile. Nixau was free. She sang for the last time as a member of the company in Baltimore last night, and her place has been filled by the engagement of Mile. Jeanne Founcet of the Grand Opera. Paris, who happened to be in this country. Mile. Nixau and her admirer said good-by to New-York on Monday night, when they attended the performance at the Casino, and will start immediately for California, which the youth claims as his interest and where he possesses a large estate.

THE RIVAL OPERA MANAGERS.

No injunction has as yet been served on Mr. Abbey to restrain him from employing Del Puente and Mme Lablache In conversation with a Tribune reporter yesterday he said : "Fight the matter ! Why, of course I shall. It is all very well for Mapleson to say that I have acted unfairly in approaching his artists when they were under contract to him, but that is precisely the course he pursued in regard to Del Puente. The latter was in my compursued in regard to Del Puente. The latter was in my com-pany last year, and he tells me that Mapleson came to him, or communicated with him, claiming that he had already engaged Nilsson and Campanini, and would cer-tainly have the new Metropolitan Opera House this year. Under these circumstances bel Puente, of course, closed with him, but was unwise enough to omit having a clause inserted stating that he was engaged to sing at the new Metropolitan Opera House only. There is certainly a for-feiture clause, and I feel quite safe."

The sale of seats still continued to be large yesterday and those already sold for the present week amount to \$6,000.

NATIONAL CAPITAL TOPICS.

NOT GOING TO NEWBURG.

IN WASHINGTON. Washington, Oct. 16 .- The Cabinet meeting o-day was short. All the members were present. The question of attending the Centennial celebration at Newburg was considered, and the conclusion reached that owing to the pressure of public business it would not be advisable for the President or any of his Cabinet officers

to leave the city at present. THE GROWTH OF ARIZONA TERRITORY.

A GLOWING REPORT FROM GOVERNOR TRITLE. Washington, Oct. 16 .- Governor Tritle, of Arizona, has made a report upon the progress and development of that Territory. The Territory can now claim a population of 75,000 people and the possession of over \$20,000,000 in taxable property. The dangerous and dis-turbing elements which have been factors in checking progress are now well under control. In the last two years exceptional development has been made in all industries, mining, grazing and agricultural. Extensive railroad enterprises have been completed and the affairs of the Territory are in an exceedingly prosperous condi-

The report places the value of the gold and silver product for the year ended December 31, 1882, at \$9,299,267, against \$8,198,766 in 1881. A large quantity of rich ore and base bullion, which is estimated to amount to at least 10 per cent of the figures given, is not included in this valuation. The yield of copper in 1882 was about 15,000,000 pounds. The combined value of the silver and copper product for 1883 will be between \$15,000,000 and \$16,000,000. This will place Arizona second on the list of bullion producers. The report dwells upon the remarkable adaptability of the country for grazing purposes, and figures are given showing that a herd of 100 head of cattle will in five years by natural increase num-

poses, and figures are given showing that the place of cattle will in five years by natural increase number 1,302 head. The number of sheep in the Territory is placed at 300,000, producing 2,400,000 pounds of wool yearly. The yield of cereals for 1883 was over 14,000,000 pounds of wheat and 18,000,000 pounds of barley.

Of the Indian question Governor Tritle says: "Last winter the Hualapais were reported in a wretched condition, some of them nearly slarving. The fact that the Apaches, who had been warlike and murderous, were living in comfort at 8an Carlos has a dangerous significance to the peaceable indian who is living in want. The Cairicalnuas, who still remain in the mountains, a menace to the peace and security of Southern Arizona, should be declared hostiles and treated as such by the Army and citizens. The present agreement between the Interior and War Departments looking to the guarding of the 8an Carlos Reservation by the army under General Crook seems to be the greatest security possible under the circumstances. If that plan should fail the Government should provide by treaty stipulation with the Indians for their removal from the reservation to some other part of the United States, and the reservation should be opened to white settlers."

there were 1,204 patients in the asyium, 265 of whom were admitted during the year. Ninety patients were discharged as cured, 49 as improved, 6 unimproved, 1 not insane, and 63 died. Of the number admitted during the year 80 were from the Army, 13 from the Navy, 6 from the Marine Hospital service, and 166 from civil life.

The number of new patients admitted was in excess of

the number in any year since the war, and the number of inmates is the largest in the history of the asylum, which Innates is the largest in the history of the asymm, which fact is accounted for by the number of cases received from the Home of Disabled Volunteer Soldiers, in accordance with the legislation of the had Cangress. Superint tendent Godding recommends that Congress provide an asymm for inebriates. Accommodations for 290 additional patients are now building. Upon the farm attacked to the asylum products of the value of \$30,000 were ruleed. The estimates for the next fiscal year provide for an expenditure of \$255,750 upon a basis of \$225 per year for each patient.

THRASHED IN FIFTEEN ROUNDS.

The men prevented from having their prizefight in this city the night before last by the vigilance of the police crossed the Thirtyfourth Street Ferry shortly after midnight, and hastened, in company with their friends, to a hotel in the suburbs of Long Island City. The fighters were Thomas Barnes and Thomas King, light weights, each weighing about 128 pounds. They recently came to this country from England. The former is thirty-five years of age and the latter twenty-four. The match was made for \$500 a side, London prize-ring rules, with skin gloves, overing the knuckles.

At an early hour yesterday morning the ding was formed for the contest. The men faced each other and fought fifteen rounds with varying success, each being knocked down or thrown several times by the other. The fight seemed an even one, and the result doubtful, when just as the men stood up for the sixteenth round the Long Island City police were heard knocking at the door. Before they were admitted, the two men fighting were hurried up into a garret in the building, the blood was mopped from the floor, and two of the spectators put on boxing gloves and

began sparring. The police found nothing suspicious and departed, believing that no fight was going on. The two men were then called back to resume their bloody work, but King refused to meet his antagonist, admitting that he had had enough. He was compelied to go into the ring and admit his defeat, when the stakes were handed to Barnes. The sum of \$100 was given to King for his gameness. THE PRESIDENT AND CABINET DECIDE TO REMAIN

GEORGE BOLTON ALLEY.

By the death of George Bolton Alley the sporting circles of this city lose a valued and prominent member. Though the son of a leading banker of this city and formerly a member of the Stock Exchange, Mr. Alley trotting horse Dexter. He was born in 1831, in Beckman-st., near Gold-st. His father was Saul Alley, who with Preserved Pish formed some animated discussion of the subject. The especial is more widely known as the original owner of the famous the well-known banking firm of Fish & Alley, and the sen turned his attention to business pursuits at an early age. In April, 1868, he became a member of the Stock Exchange and for some years acted as broker for the late Cornelius Vanderbilt. He retired from active business some years ago, but at the time of his death took much interest in Wall Street affairs.

During nearly his whole life Mr. Alley paid the keenest attention to sporting matters and was looked upon as one of the leading authorities on the points and merits of the trotting-horse in America. About 1861 he purchased Devter for an almost nominal price. The colt was whelly untried and had never had a bit in his mouth. Under his new owner's careful training the horse developed great powers of speed and in his first match, which was a private one, he won for Mr. Alley \$5,000 as a wager from a prominent Philadelphian, by trotting a mile under 2:20. He subsequently reduced that record to the—at that time—almost the phenomenal one of 2:17%. After keeping him for many years Mr. Alley disposed of him for large sum, the story going that John Morrissey had sworn that the horse should never win another race. Dexter subsequently passed into the hands of Robert Bonner, in whose stables he now is, Mr. Alley was also the owner of Diotator, Dexter's whole brother, the sire of Jay-Eye-See and many other fast trotters, but he sold him for a small sum to Harrison Darkee, who recently disposed of him for \$25,000. Besides these famous horses Mr. Alley was the owner of many other trotters, more or less well known, several of which are now in his stables.

THE DEMOCRATIC COMMITTEE IN NEED OF MONEY. [BY TELEGRAPH TO THE TELEUNE.] Boston, Oct. 16 .- The Traveller says it is re-

There has been a good deal of boasting that the registration in Boston would exceed 65,000 and would probably equal 70,000, but there has been a suiden falling off in activity on the part of the Democratic City Committee. It is said that an assessment has been ordered on all Democratic office-holders and employes of the city, and that vigorous efforts are being made to collect it.

THE CITY NOMINATIONS.

ACTION OF THE REPUBLICANS.

NOT PLEASED TO BE IGNORED BY THE CITIZENS—WILL THERE BE A CONFERENCE?

The Republican Central Committee held its regular monthly meeting last night. After transacting some routine business it adjourned, and immediately afterward the Conference Committee appointed at the County Convention on Monday night held a meeting. It was known before the committee met that the Citizens' considering the question of nominating a Register. The matter was generally discussed in the hall after the adjournment of the Central Committee, and there was some animated discussion of the subject. The general opinion was opposed to the "indorsement" of the Citizens' touches the conference Committee, and there was some animated discussion of the subject. The general opinion was opposed to the "indorsement" of the Citizens' ticket, inasmuch as that organization had not invited the Republicans to confer with it, and had not taken any notice of a communication sent to it by the Republicans to confer with it, and had not taken any notice of a communication sent to it by the Republicans to conference Committee. Many of the leaders thought that they had been insulted in the action of the Citizens' organization.

When the Conference Committee assembled Colonel Charles S. Spencer immediately moved to appoint a committee of seven to make nominations for a straight Republican county ticket. He said he would prefer to vote the Tammany Hall ticket in preference to that named by the Citizens' Seen for Marine and the conference Committee. Many of the leaders thought it would be disgraceful for the Republican county ticket. He said he would prefer to vote the Tammany Hall ticket in preference to that named by the Citizens' Association. George Bliss said that if the Republicans were going to make nominations they did not want to delegate their powers to any sub-committee of seven or any other However, be thought it unwise close the door to any conference with the citizens, though that organization had acted foolishly in not conferring with the committee appointed by the Republican Convention. John J. O'Brien, John D. Lawson and some others

alked against the resolution offered by Colonel Spencer. Justice Patterson, chairman of the Republican County Convention, said that immediately on the adjournment of that convention on Monday night a communication signed by the chairman and the secretary was sent to the Citizens' Committee, informing it of the appointment of the Conference Committee with the names, but no reply had been received.

John J. O'Brien said that he met ex-Mayor Grace in the morning and informed him of the appointment of the Con-ference Committee, stating that he hoped the Citizens' organization would not go ahead and make nominations organization would not go ahead and make nominations without at least consulting with the Republicans. Mr. Grace replied that he thought the Citizens' Committee would refuse a conference, though he regarded such a course as unwise.

After further discussion, without asking a vote on his first motion, Colonel Spencer moved that the Republican Conference Committee, in case it met the citizens, should insist on the nomination of Edward Mitchell for Supreme Court Justice, J. C. Julius Longbein for City Court Judge, at Least Hear for Registric.

There was no great objection on the part of the County

tive districts. This the County Democracy leaders wound not agree to, and there was a long discussion over this point.

The consultation of the sub-committee was continued until nearly undulght. Irving Hall demanded a Supreme Court Judge and a City Court Judge. This claim was not allowed by the representatives of Tanumany Hall and the County Democracy. Finally, after a good deal of debate, Irving Hall yielded the point. It was agreed that the county teket should be apportioned as follows: Tanumany Hall, the Register and one Supreme Court Judge, the County Democracy, one Suprems Court Judge and one City Court Judge, and Irving Hall the remaining City Court Judge. The choice of candidates will be left to the respective organizations.

The Tanumany Convention will meet to-day at 3 p. m. John Reilly president of the Board of Aldermen, will be noulmated for Register, Judge Van Brunt is almost certain to be nominated for Supreme Court Justice, although Recorder Smyth has some supporters. The County Democracy and Irving Hall Conventions will meet this evening. The County Democracy will nominate Corporation Counsel Andrews for Supreme Court Judge, and a German for City Court Judge, Judge Nebrabas Is most prominently named for City Judge, although Joseph Newburger has some supporters. The Irving Hall Contaittee meet at 1 p. m. to-day in the Sheriff's offlee, to agree upon a candidate for City Judge, as several candidates are striving for it. Exelvil Justice, John Callabian, Edward Brown and Elliott Sandford are the most prominent.

No names of candidates were mentioned in the confer-

ward Brown and Elliott Sandford are the most prominent.

No names of candidates were mentioned in the conference. The question of nominating candidates for Senators, Assemblymen and Aldermen, it was acreed, should be left to the respective district conventions. Although all was apparently harmonious on the surface, the result was no resolved without a good deal of opposition on the part of some of the prominent members of the County Democracy. Botseri B. Rossevell, "Tim" Shea, and others of that organization declared that they would vote for the Beket placed in the field by the Clitzens' organization, if a good one, rather then for that of the combination. E. Ellery Anderson and Police Justice Murray also strongly opposed a union with Tanamany Hall.

MAYOR LOW OPENS HIS CAMPAIGN.

HE SPEAKS AT A CITIZENS' MASS-MEETING - AN ACCOUNT OF HIS STEWARDSHIP.

Mayor Low gave an account of his stewardship at the citizens' mass meeting held last at the Masonic Hall, Grand and Seventh sts., Brooklyn. Long before the hour for opening the meeting every seat in the hall was occupied, and when Mayor Low appeared on the stage the applause that greeted him was loud and pro-longed. Every reference made to him by the speakers turing the evening met with similar recognition. On the platform with Mayor Low were Bernard Peters, John

Ambrose Snow presided. He announced that the object of the meeting was to ratify the nomination of Mayo Low to succeed himself as Mayor of Brooklyn. Sigismund Kaufman read several congratulatory letters, among others a letter from the Editor of the Staats Zeitung, who

The situation in regard to the Democratic candidate for Mayor, who is to be named to-morrow, was simplified yesterday somewhat by the nanouncement that William B. Leonard and Jeremiah P. Robieson, who were both much taiked of for the place, had written letters to triends declining the nomination in advance. Mr. Leonard wrote to George G. Heiman, of the Ninth Ward. The remaining candidates are William M. Cole, whom the Twentieth Ward will yote for; Robert Black, who has the Fourth Ward will yote for; Robert Black, who has the Fourth Ward will yote for; Robert Black, who has the Fourth Ward will favor. Joseph C. Hendrix, to whom the Tenth Ward is pleeiged; Thomas Kinsella, who, it is thought, would draw the independent yote; and excludge Nelson, for whom a few German yotes are pronounced. If "Boss" McLaughill dictates the nomination of one of these men if will be Mr. Black, who would represent the old-time bemocratic ring. The belief is strowing, however, that some man not mentioned at all for the office will be brought before the Convention and nominated.

The Republicans have abandoned the idea of "indorsing" County Judge Moore, whom the Democrate will renominate, and it is likely that they will nominate Charles J. Patterson for the office. Six years ago the Republicans supported Judge Moore and made no contest.

Republican primaries were held hat evening to elect delegates to the City, County, Senatorial, Assembly and Aldermane Nominating Conventions. There was no contest in any ward in regard to the delegates to the City Convention in the wild for the place and theory is primaries which in regard to renominating Mayor Lowis fixed. On the County Convention the chief struggle is over the District-Attorneyship. Friends of Foster L. Backus, John Oakey, Robert Payne and George F. Elliott claimed for each a majority of the delegates-elect. Many Republicans thick Mr. Backus best fitted for the place and there is a strong probability of his nomination.

Interest in last night's primaries chiefly centred in the Hid Senatorial District, where Albert Daggett, S candidate for Mayor, who is to be named to-morrow of all the Democratic organizations was the committees were in session. Much surfaces was expressed as to whether the nominations of the Republicans and Citizens combination if one is made; would draw off any considerable inturbation of the voters in the County Democracy or realise number of the voters in the County Democracy or leave to release deciming the nomination in advance. A. Maher, member of the last Assembly; IVth, Thomas Archer, West Troy. The Democrats of the XVIIIth Senatorial District, omprising the counties of Saratoga, Fulton, Hamilton, Montgomery and Schenectady, are in a quandary owning to the percenptory refusal of Senator Alexander Baucus to stand for a renomination. The Convention met at Saratoga yesterday and in consequence of Mr. Baucus's declination and an absence of candidates was forced to declination and an absence of candidates was forced to adjourn until a committee appointed to coufer with Daniel Manning and other leaders shall have something to report. The committee, consisting of John Stewart, of Montgomery; George L. Thompson and L. H. SENATOR SHERMAN ON THE OHIO RESULT.

PROHIBITION AND WOOL THE ROCKS ON WHICH THE REPUBLICANS SPLIT.

Senator Sherman, of Ohio, was at the Fifth Avenue Hotel yesterday and in answer to inquiries of a Tribune reporter in regard to the recent election in that State he said :

"The Republicans were defeated because of the Prohibition question and the law reducing the tariff on wool. The outlook was favorable until about three weeks before the election, when the extraordinary efforts of the women and others interested in the Prohibition issue alarmed a great many persons who would otherwise have voted the Republican ticket, and caused them to vote

voted the Republican ticket, and caused them to vote against us. Many Germans feared the loss of their property, while other voters refused to favor legislation of that kind."

"How much did the wool tariff reduction affect the result!"

"I think it lost the party at least 10,000 votes. There would have been a still greater loss from that cause it we had not succeeded in proving the insincerity and falsehoods of the Democrats his regardite the subject. The contest was not decided on national matters but wholly on local issues."

"What will be the effect on the election of next year!"

falsehoods of the Democrats in regardio the subject. The contest was not decided on national matters but wholly on local issues."

"What will be the effect on the election of next year ?"

"There is not the slightest doubt that Ohio will give a good majority for the Republican National ticket. It is a sure Republican Stafe upon National ticket. It is a sure Republican Stafe upon National issues."

"Will the Democrats repeal the Scott law ?"

"They are in a quandary. In some respects it is probably a good thing that the Democrats have control of the Legislature. They will hardly dare to repeal the Scott law, and yet if they refuse to do so they will be in a bad situation with their supporters. But if they should repeal it they would be in a still worse position."

"How do you regard the outlook for electing a Republican President next year?"

"It is good. But we cannot assume the responsibility in any State of passing Prohibitory legislation. Personally of do not care for spirituous liquors and would be willing to see them swept away by legislation, but there are many Republicans who would not. A wide latitude must be permitted to people in such matters."
